THE TOWN IN RUINS

Retreating Troops Apply the Torch to Petit Goave.

MANY ARE HOMELESS

Both Opponents Charge the Other With Firing the Town—German Troops Have Landed at Port Cabello to Protect Germans.

Port au Prince, Hayti, Aug. 11.—A correspondent of the Associated Press visited Petit Goave Sunday and found the town entirely destroyed, there being nothing left but a pile of ruins after the fight there.

About 4000 persons are homeless and greatly in need of assistance. A greater number of them have sought shelter in the Simmonds factories near town.

The French cruiser D'Assass arrived at Petit Goave Sunday with provisions for the sufferers and returned to Port au Prince with 200 women and children and 15 wounded men.

The authorities refused to permit the Firminists to leave, fearing they would go to the other points to take up arms again.

Each party accuses the other of having set fire to Petit Goave, but the general belief is General Chieyo, the Firminist commander, resolved to destroy the town when he saw he could not hold it against the Fouchardists.

Firminists Burn the Town.

Port au Prince, Aug. 11.—A dispatch Saturday last gave the news of the burning of Petit Goave after an attack had been made on the place by the Fouchardists.

According to that dispatch General Chieyo, who is the minister of the interior in the Firminist provisional government, set fire to the town and abandoned it.

Blockade at Cape Haytien.

Washington, Aug. 11.—Commander McCrea of gunboat Machias cabled the navy department that a defacto blockade has been established by insurgents at Cape Haytien. The Machias is at her anchorage.

Four Provinces in Rebellion.

Washington, Aug. 11.—Minister Powell has cabled the state department from Cape Haytien that the provisional (Vasquez) government of Hayti has notified the United States legation that Gonaives, Port de Paix, Petit Goave and St. Marc provinces are in rebellion. The government troops captured Petit Goave after a strong resistance, in which many lives were lost.

Firminist troops in retreating from the place set fire to and destroyed the town.

Naval Force Will Be Landed

Washington, Aug. 11.—Minister Bowen at Caracas has advised the state department that Germans intend to land a naval force at Port Cabello to protect German interests there which are threatened by the uprising now in progress. The minister advised that we follow suit.

After a conference between officials of state and navy departments instructions were cabled to Commander Nichols of the Topeka to proceed from La Guayra to Port Cabello and land naval force in case of attack. The Topeka already has left for Porto Cabello.

Revivalist Arrested for Assault.

New York, Aug. 11.—The Rev. Chas. S. Dennis of Flushing, a well known Long Island revivalist, is in prison in Queen's county jail, charged with felonious assault. While he was conducting a service some boys who live nearby threw stones into the meeting room. This was a repetition of similar annoyances, and Mr. Dennis is said to have on this last occasion sprung from the platform in anger. It is said he tore a burning gasoline lamp from its fastenings in front of the door and hurled it into the crowd of boys. It struck James Fretzeno, 20 years of age, and he was so badly burned that fears are entertained that he will die.

Important Affairs of Vatican.

Rome, Aug. 11.—At the request of Cardinal Gotti, prefect of propaganda, a list has been furnished of the most important affairs pending at the Vatican.

The list includes the nomination of the archbishops of New York and Chicago, and the appointment of co-auditors to the archbishops of San Francisco and St. Louis.

Shot Resisting Arrest.

New York, Aug. 11.—Joseph Kehoe, who was wanted by the police on a charge of assault, is at a hospital dying. It is believed, of a pistol shot wound inflicted by Policeman Marrihan. When the officer went to arrest Kehoe he was struck in the face. A crowd then attacked Marrihan and then the officer shot Kehoe.

Revolutionists Cut the Cable.

Washington, Aug. 11.—Minister Bowen has cabled the state department from Caracas that the revolutionists have cut the cable at Barcelona.

Minister Bowen says the cable was cut immediately after the receipt of the message stating the revolutionists were entering the city.

SHOWS MUCH GAIN.

Agricultural Interest of the South Increasing at a Wonderful Rate.

Baltimore, Aug. 11.—The Manufacturers' Record has made a critical analysis of the census bulletins, which enable it to make for the first time an exact statement of the development of the agricultural interests of the south in connection with a review of the industrial advance of that section. This shows that the south is now a \$3,000,000,000 section, the value of its agricultural and manufactured products now annually aggregation nearly that sum.

Between 1880 and 1900 the total value of southern agricultural, manufactured and mineral products increased from \$1,134,396,229 to \$2,844,646,400, or 157 per cent, while during the same period the increase of population was 44 per cent. During that period the capital invested in manufactures increased from \$257,244,564, as the total of 1880, to \$1,153,092,368 in 1900, a gain of \$895,757,804, or 348 per cent. In the same time the value of manufactured products increased from \$457,454,777 in 1880 to \$1,463,643,177 in 1900, a gain of \$1,006,188,400, or 220 per cent. In agriculture the value of farm property in the south increased from \$2,280,364,321 in 1880 to \$3,951,631,632, a gain of \$1,661,267,311, or 72 per cent, while the value of farm products increased from \$660,131,452 to \$1,271,634,273, a gain of \$611,522,821, or 92 per cent.

In the south the greatest actual increase in manufacturing capital was \$104,404,876 in Maryland. Louisiana being second with \$101,621,826, Texas third with \$81,188,321, Virginia fourth with \$76,701,998, Georgia fifth with \$69,117,246, North Carolina sixth with \$63,458,255, and Alabama seventh with \$60,702,073. In agricultural advance Texas led with an increase in the value of farm property of \$706,391,909, while Louisiana was second with a gain of \$121,766,359, Kentucky third with \$112,342,024, Georgia fourth with \$85,216,329, Mississippi fifth with \$82,204,759, Arkansas sixth with \$82,056,424, and Tennessee seventh with \$81,745,855.

The rate of increase in the capital invested in manufactures in the south during the twenty years from 1880 to 1900 was 348 per cent, while during the same period the rate of increase for the United States was 252 per cent; and in the value of products the rate of increase in the south was 220 per cent, whereas the rate of increase for the United States was 142 per cent.

Thus, both in the capital invested and in the value of products, the rate of increase in manufactures in the south was much greater than that of the country at large, notwithstanding the enormous expansion of the United States during the two decades under review.

During the same twenty-year period the value of farm property in the south showed a gain of 92 per cent, while the total gain of the farm property of the United States was 67 per cent, the value of farm products for the south showing an increase of 92 per cent, compared with a gain for the country of 113 per cent.

One interesting phase of the conditions now prevailing is that in 1880 the value of farm products exceeded the value of manufactured products in the south by more than \$200,000,000, while in 1900 the value of manufactured products exceeded the value of farm products by more than \$190,000,000. During that same period the number of persons engaged in agriculture in the south increased 36 per cent, while the number of wage-earners in manufacturing increased 157 per cent, both rates of increase in the south being greater than the rates in the country at large. In this industrial upbuilding the south is to find full fruition of its agricultural potentialities. The development of manufactures, creating quick, steady remunerative markets for the diversified products of agriculture, will give to the farmers of the south advantages they have never before possessed.

Celebration Continued Sunday.

London, Aug. 11.—The festivities in London were continued Sunday. There were considerable crowds almost all day long in the vicinity of Buckingham palace and along the route of Saturday's procession, viewing the decorations and watching the flow of notable personages to and from the various thanksgiving services. In the evening the Canadian arches, which, as an exceptional novelty for Sunday, was brilliantly illuminated, was a great center of attraction and served to bring an immense concourse of people into the neighborhood.

Fell Three Hundred Feet.

New York, Aug. 11.—Falling 300 feet down the sheer side of a cliff in Englewood, Robert Scott, 13 years old, reached the bottom with no greater injuries than bruises. When he regained his senses, however, he was so weak that his cries for help did not reach far beyond the lonely spot in which he had fallen. Scott lay in the bushes at the bottom of the cliff for nearly two days, being discovered finally by boys. They summoned aid and Scott was carried home. Two doctors were called, and express the belief that the boy will recover.

Application Granted.

Oyster Bay, N. Y., Aug. 11.—President Roosevelt has made the formal announcement that he has granted the application of the Commercial Po-

Grand Opera House,

cific cable company to land a cable on the shores of the United States on the islands of Hawaii and Guam, and in the Philippine Islands, and for access to certain soundings and profiles in possession of the navy department.

Killing in Oklahoma.

Oklahoma City, Okla., Aug. 11.—Edward White, a saloonkeeper, was shot and mortally wounded at a late hour Saturday night. He lived only 30 minutes after he was shot. Arthur Moore has been arrested.

Frost in Iowa.

Des Moines, Iowa, Aug. 11.—Severe frost is reported in the northwestern portion of Iowa. Messages from Cleveland states that the damage to corn is considerable.

No Collieries Started.

Shenandoah, Pa., Aug. 11.—"Extremely quiet" is the tenor of information received here from the surrounding country. No collieries started.

UNKIND WORDS.

Brazos bottom planters have struck a hard streak. For several years they have failed to make a crop on account of storms, drouths, overflows and boll weevils. We sometimes think it a just visitation of providential wrath, for those great plantations are cultivated by the most ignorant and immoral class of negroes whose employers work them for all they are worth and manage to bring them out at the end of the year in debt. The convict plantations in the Brazos bottoms come near being hell on earth.—Madisonville Meteor.

The Eagle regrets exceedingly that the Meteor has taken occasion to add unjust criticism to the burdens already borne by the planters in the Brazos bottom, some of whom in times past have been and still are friends of the Meteor man. They have had enough to bear and they have borne their reverses nobly and bravely. Not only have

they sustained irreparable losses themselves, but they have taken care of their laborers and fed and clothed those living and working on their farms, in many instances without hope of compensation. The planters have shown themselves brave, liberal and charitable and they are naturally indignant, and justly so, regarding the publication. Again, there are only two convict farms in the Brazos bottom in the territory contiguous to Bryan. They are at Mumford, and no criticism is ever heard as to the manner in which they are conducted. Any person who believes to the contrary is at liberty to go there any day and see for himself just what the conditions are. The overflows are due to natural causes and can and will be abated by the use of levees. The Meteor could serve a far better purpose by joining in the effort to bring about this much desired result, which would mean so much, not only to the Brazos bottom and to Bryan, but to this whole section of the state.

MRS. MOZELLE P. WILSON.

After a brief illness Mrs. Mozelle P. Wilson died Sunday morning in this city at the home of her parents, Mr. and Mrs. T. P. Boyett. Mrs. Wilson was 24 years old and was born and reared in Bryan. She was greatly beloved by all for her sweet and womanly character and kindly disposition. In her girlhood she was like a ray of sunshine in the home and in the circle of friends who knew and loved her so devotedly.

On the first of last October she was united in marriage to Mr. Albert Wilson, of Houston, by Rev. Jewell Howard, and no happier bride ever left the parental roof with fond blessings to go and make a home for a more manly and devoted young husband. Would that we might end the story here, but the happiness of this new home was brief, and its ending tragic beyond the power of language to describe. Mr. Wilson was a brakeman on the Houston and Texas Central railroad, and one day five months ago, when his girl wife was expecting him home from his run, there came instead the cruel, terrible, heartbreaking tidings that he was dead—mangled by the merciless wheels of his train at Hempstead.

Few are called upon to endure such awful agony, and none could

have borne it more bravely than she. But the shadow of grief that settled upon her fair young life was as deep and impenetrable as her happiness had been glorious and complete. She came again to the home of her childhood, and all the wealth of tenderness and love of father, mother, brothers and sisters was lavished upon her, but they brought no smile to the pale, sweet face. And then God looked in mercy and compassion upon her broken heart, and the angels beckoned to her and the babe for which her life was given, that they might join the waiting husband where pain and death and partings never come.

The hearts of the people of Bryan have been deeply touched by the weight of sorrow that has fallen upon this devoted home, and a very large company of friends assembled yesterday morning to offer such consolation as they might to the living and pay a parting tribute to the dead.

The same minister who had solemnized the marriage, came with

PERISHED IN FLAMES

Eight Lives Known Lost in a Fire at San Angelo.

MANY ARE MISSING

The Landon Hotel There Burned and With it the Guests Who Could Not Escape—Many of Them Were Badly Injured.

San Angelo, Tex., Aug. 11.—A fire swept over San Angelo Sunday morning between 2 and 5 o'clock, leaving death and destruction in its path. The fire originated in the kitchen of the Landon hotel, and the block in which it was situated is a heap of smoldering ruins. Several lives were lost. A woman with a baby in her arms perished in view of hundreds of spectators, who could give no aid.

Those whose remains have been taken out are:

Mrs. J. C. Landon, San Angelo.
B. Hendricks, commercial traveler, Waco.

Mrs. Frank Schlupinsky and two children, Houston.
Mrs. Fowler and a grandchild, Houston.

Others are missing. A number escaped in their night clothes, badly burned.

The Landon hotel, which has counted among its guests visitors from every corner of the globe, is a heap of smoldering ruins, together with the pretentious business block in which it was located, and ten human lives have paid their last forfeit. The hotel was a rambling two-story structure of stone, with but two exits, front and rear.

Sunday morning at 2 o'clock, while waiting on the outside of the hotel for the arrival of the Santa Fe train, the night clerk detected smoke drifting through the office. Rushing to the inside, he discovered the diningroom filled with smoke emanating from a fire originating in the kitchen. Baffled in his attempts to subdue the flames, he sped up stairs through the hall, arousing the sleeping guests. In this he was assisted by Mr. and Mrs. J. C. Landon, the proprietors, whom he first awakened. Battling through smoke and flame, they made their way from door to door as best they could until they found themselves cut off from exit in front. The clerk and Mr. Landon escaped by the rear stairs, but Mrs. Landon, with the courage born of heroism, risked all, one last, vain and desperate attempt to convey a warning to some remaining guests.

Soon a little group of seven terror-stricken people appeared upon the balcony and were

desecrated to jump into blankets that were held in strong and steady hands. They hesitated to make the leap, and while they debated, the wall to which the balcony was attached slowly toppled inward, depositing them into the vortex of the fire, where they perished in plain view of the spectators. In this group were the heroic Mrs. Landon, Mrs. Fowler and grandson, the latter a grandson of Santa Fe Conductor John Glenn of Galveston; Mrs. Frank Schlupinsky and two small children of Houston, and B. Hendricks, a drummer of Waco.

Many guests escaped at the peril of their lives in a most miraculous manner. Three other guests, whose names could not be ascertained on account of the confusion and destruction of the hotel register, are feared to have lost their lives. The search continues. A number of guests escaped in their night clothes badly burned. Comparatively nothing was saved, so swift and sudden was the fire's work. The wind was blowing a gale and the flames did fearful execution.

Some twenty guests who were lodging over the steam laundry adjacent to the hotel were rescued by the use of a ladder.

The property losses are: J. C. Landon, hotel, \$50,000; insurance, \$18,000. John Miles, hardware, \$30,000; insurance \$7500.

Copeland & Mitchell, hardware, \$15,000; insurance, \$5000.
Jackson & Laambeth, laundry, \$4000; no insurance.
Mrs. C. E. Fitzgerald, \$11,000; insurance, \$6000.

W. J. Ellis, livery stable, \$5000; partly insured.
J. S. McConnell, livery stable \$500.
Broome & Farr, building, \$3000; partly insured.

There are a number of other smaller losses.

Safe Cracked at Fort Worth.

Fort Worth, Aug. 11.—The proprietors of the Famous shoe store, on Houston street, between Sixth and Seventh streets, discovered Sunday afternoon that the safe in their store had been blown open and about \$200 taken, the safe having been rifled completely, except for a check for a small amount and some coppers. The marks on the safe showed that two drillings had been necessary to make the shot. The manner in which entrance was effected to the establishment remains a mystery.

Hebrew-American Regiment.

New York, Aug. 11.—As a result of the riot at the funeral of Rabbi Joseph, a movement started several months ago for the organization of the Hebrew-American regiment in this city has received a new impetus. Four hundred members already have been secured.

Piano Factory for Texas.

Seguin, Tex., Aug. 11.—Alfred Guston Smith arrived in the city with eight expert piano builders, and will at once begin work on the first piano factory in Texas.

KNIGHTS OF PYTHIAS.

The Grand Conclave Begins Session With
Many Present.

San Francisco, Aug. 11.—The grand
conclave of Knights of Pythias opened
here yesterday. Thousands of visitors
have already arrived from the east
and by Wednesday morning it is expected
from 50,000 to 75,000 strangers
will be in the city.

The decoration of the city has been
carried out on a scale never attempted
before.

Mechanic's pavilion, which will be
headquarters of the Knights, has been
almost transformed into a military
camp, with many tents and thousands
of cots in perfect order, ranged in
line.

Headquarters of Major General
James R. Carnahan, who is in command
of the uniformed forces, is the most
picturesque place in the pavilion.

The program for the first day began
with opening of the exhibition of
county products, at which Mayor
Schmitz delivered the address of welcome.

The reply was made by Ogden H.
Fethers, supreme chancellor of the
Knights of Pythias and Major General
James R. Carnahan, commanding uniform
rank of Knights of Pythias also spoke.

At 5 p. m., the camp at the pavilion
will be turned over by the chairman of
the executive committee to the supreme
chancellor.

At 8 p. m., there will be a reception
to Major Carnahan and staff and the
supreme lodge by the California brigade
at the pavilion.

BOYS TURN BANDITS.

One Shot by a Posse Snickers and the
Other Is Captured.

San Jose, Cal., Aug. 11.—A series of
daring highway robberies, which resulted
in the sensational death of one of the
robbers and the wounding of a citizen,
occurred on the Monterey road Saturday night.

Two young men, apparently little
more than boys in age, compelled an
old lady who was driving on the highway
near Linvale, to deliver her horse and
buggy to them. They then drove to E. F.
Heples' store at Coyote, where they
purchased cartridges for a 32 caliber
pistol. This they loaded and immediately
proceeded to hold up the proprietor and
several bystanders.

From Heples' they continued toward
Gilroy. When within a quarter of a
mile of this town they met W. W. McKee,
a sewing machine agent, and when he
failed to stop on their order they fired
at him, inflicting a trifling wound. McKee
lashed his horse into a run and was not
further molested.

The robbers continued south to
Stevens' store, a mile and a half from
Heples', robbing two or three teamsters
on the road of small amounts. They were
just entering Stevens' store when they
saw five or six armed men riding rapidly
toward them. This was a posse, consisting
of E. F. Heples and the men who had been
robbed with him.

The robbers abandoned their faded
horses and started across a field toward
the westerly foothills. A running fight
ensued, in which one of the robbers was
shot through the stomach. In emulation
of convict Tracey, he placed his pistol to
his head and blew out his brains, dying
almost instantly. The other threw up his
hands and was taken into custody.

SEVERE STORM.

Velocity of Wind at Kansas City Exceeds
Fifty Miles an Hour.

Kansas City, Mo., Aug. 11.—A wind-
storm that broke about 4 o'clock Sunday
morning raged for half an hour,
accompanied by lightning and rain. It is
said to have been the severest in fifteen
years.

In the business streets numerous
plate glass fronts were broken, signs
and awnings torn down and rickety
structures partly demolished. In the
residence district several thousand
trees were overthrown and numerous
windows smashed. At daybreak the
sidewalks of the city were littered with
rubbish and branches of trees. Nearly
every householder suffered some loss.

The local weather bureau reports
that the wind blew at the rate of fifty-
two miles an hour for seven minutes
and that forty-five one hundredths of
an inch of rain fell in fifteen minutes.
The fire department was busy all Sunday
repairing damage.

A number of large buildings in the
business section were unroofed and
their contents damaged by rain. Burnham,
Hanna & Munger's new warehouse at
Eighth and Broadway suffered a loss of
fifteen windows and the stock sustained
much damage by water.

Many buildings in Kansas City, Kan.,
were unroofed.

Aged Actress Dead.

New York, Aug. 11.—Mrs. Eliza
Young, the oldest actress of the American
stage died Sunday at the Actors' Fund
home, west New Brighton, Staten Island.
She fell two weeks ago and had one of
her hips broken. Mrs. Young was nearly
92 years of age.

News in Brief.

Texarkana, Tex., is to have a trolley
system. A company has been organized
with \$100,000 capital.

Marion Martindale escaped from the
jail at Anson, Tex., by digging a hole
under the wall.

Tyler, Tex., will have a new school
building to cost \$6500.

Over 17,000,000 children are deprived
of educational privileges in Russia.

A monument to Nancy Hanks, the
mother of Abraham Lincoln, will be
dedicated at Lincoln, Ill., on Oct. 1.

A plague of stinging flies has visited
Waco, Tex., and caused stock to suffer.

One two-story brick building on Main street, one brick building and three vacant lots, fenced, on Bryan street. Eight rent houses in the city limits for sale. Apply to Mrs. Z. Bonneville. 217

Theatrical Season Opens Early.

Manager Mike announces the theatrical season will open at the Grand opera house Monday night, Sept. 1, with the Marie Fountain Theater company in a week's engagement. The company is now playing in Houston and getting splendid press notices. In speaking of the opening night, a Houston paper quotes Manager Jake Schwarz as saying: "We just raised the shingles and dropped them in from the top, the crowd was so immense, and we had the best show that has been here this season."

Manager Mike has put in a new drop curtain, refitted and repapered the dressing rooms and made other improvements that add to the appearance of the opera house, and says he has booked forty attractions to date for the coming season.

Card From Judge Ford.

To the Eagle:

On Saturday night an engine on the I. & G. N. railroad track blew the steam whistle unremittingly for several hours and until daylight Sunday morning. The noise from the whistle was such that people in the neighborhood could not sleep and were greatly annoyed. This useless blowing of whistles to the annoyance of the community should be instantly stopped by the city authorities.

It is intollerable, and this is not the only instance. This outrage has been practiced for months almost nightly and our homes in the south portion of town are rendered almost uninhabitable. San Antonio and other towns in the state have adopted ordinances forbidding the blowing of whistles inside the city limits. We greatly need such an ordinance in Bryan, no town needs it more. It is an actual necessity and ought to be adopted speedily. August 11th. Spencer Ford.

BUSINESS LEAGUE TONIGHT.

An important regular meeting of the Business League will be held at 8:30 at K. of P. hall. The election of officers and the discussion of the question of levees for the Brazos river make it important that all members and all persons interested attend the meeting.

GRECIAN LEGEND

When the Greeks undertook the Trojan war, Ulysses, one of the most renowned of the Greek heroes, the king of Ithica (one of the small Ionian islands) and the husband of the exemplary PENELOPE, after long declining to join the alliance, at last consented, and embarked on board a ship, but picked back, set sail for the Phrygian shores. During the war he acted a prominent part, and after the fall of the city of Troy, he embarked on board his small fleet with his followers to return to his wife and kingdom. But adverse winds and fearful storms made him the sport of winds and waves, and his efforts were fruitless for a long period. After an absence, however, of thirty years, he regained his island home, found his faithful, still beautiful

PENELOPE

This name has been given a townsite in Hill County, 25 miles north of Waco, on the North Division of the International & Great Northern Railroad, in the famous black land country on the rolling prairie, and as CON-STANCY was the charm of its namesake, there is little speculation that the growth of the new I. & G. N. town will be constant and that it will soon become a beautiful little city.

BARBECUE

TOWNLOTS SALE

Penelope,

Thursday, August 14th,

By the SMITH LAND & IMPROVEMENT COMPANY.

Everybody knows that when a new railroad station is opened in the Black Land Belt it means a town and a GOOD ONE, especially if it is an International & Great Northern town. The new I. & G. N. town of Mart, on the Fort Worth Division, having grown from a store, farm house and cotton gin to a bustling town of 1,500 inhabitants within a year, is a case in point.

LEROP, 15 miles north of Waco, in McLennan County, the new I. & G. N. station which was opened July 24, is being settled rapidly. There was a very large sale of town lots made there on the opening day and they continue to go.

PENELOPE, 25 miles north of Waco, 10 miles north of Leroy, 8 1/2 miles from Mt. Calm, 10 miles from West, 10 miles from Hillsboro, and one mile from Postoffice Zee-vec, on the Fort Worth Division of the International & Great Northern Railroad, the new station to be opened Thursday, August 14, is in the midst of a black land section as there is in the world. The distance being sufficient from all other towns and trade centers to make it one of the finest towns in that section, and a splendid opportunity is now afforded the investor in this town lot sale. Invest at Penelope!

The I. & G. N. will have very low excursion rates in effect to Penelope for this event and will operate trains to suit the convenience of the people in attending sale. Tickets will be on sale for trains arriving Penelope morning August 14.

See fliers or call on I. & G. N. Agent for further particulars.

D. J. PRICE, 24 V. P. & G. M. Gen. Pass. & Tkt. Agt. Palestine, Texas.

PRINTERS AT CINCINNATI. SENATOR M'MILLAN DEAD.

They Meet There in Their Forty-Eighth Annual Convention.

Cincinnati, Aug. 11.—The forty-eighth annual convention of the International Typographical union began a session of four days here to-day with all of the 365 delegates present and over a thousand visitors.

Pike's Opera house was crowded, including the galleries that were mostly occupied by women, who are here for the first convention of the Ladies' auxiliary.

The invocation was by Rev. G. H. Edwards, archdeacon of the Southern Ohio Episcopal diocese, who was formerly a printer.

Addresses of welcome were delivered by Acting Mayor Charles J. Christie, Edmund O'Connell, chairman of the local committee on arrangements, and Alvin McReynolds, president of the Cincinnati Union No. 3, to which President James M. Lynch responded.

Delegate Walter Nail of Houston, Tex., having been called home by the death of his brother, a resolution of sympathy with him was adopted.

A resolution of sympathy and support for the United Mine Workers in their anthracite strike was adopted.

After annual report of officers the convention adjourned for the day.

The following officers were appointed: Assistant secretary, John W. Hayes; reading clerk, A. W. Thompson; sergeant at arms, Harry Lawrence; messengers, Frank Foxman and Austin Davis. All of the committees were announced.

Stereotypers in Convention.

Cincinnati, Aug. 11.—The first convention of the International Stereotypers' and electrotypers' union here was called to order by President James J. Freel of New York city.

ATTACKED THE TOWN.

Mexicans Seek Revenge and Two Are Killed and One Wounded.

Battle, Wyo., Aug. 11.—A crowd of Mexican sheep herders attempted to take the town of Battle, with the result that two of the members were killed. Several made their escape into the woods one man being shot in the leg. One citizen was hit on the heel, and Miss Estelle Sanders, a resident, was severely cut in the face by a window pane broken by a stray shot.

Every man in town is armed, fearing the Mexicans will swoop down on the town, as there are scores of them in this vicinity. The attack was in retaliation for the slaughter of 5000 sheep by the townspeople, who had ordered the sheepmen to keep away, as this territory is reserved for the cattlemen.

STILL EMITTING SMOKE.

Three Peaks in Alaska Are Sending Out Ashes, but No Flames.

Seattle, Wash., Aug. 11.—Mounts Redoubt, Ilimina and Augustin, in the Cook inlet section of Alaska, continue to emit smoke. All three peaks were active while the steamer Santa Ana, which has arrived from the northwest, was at Cook inlet.

"It was a pretty sight," Captain Anderson said. "We were in full view of all three peaks, the farthest being not more than 50 miles distant. The smoke did not appear to be very dense, but enough ashes have been scattered over the snow covered peaks to almost blacken the white surface. There was no flame coming from either mountain."

PEORIA IN FLAMES.

Numerous Fires Started in the Business Section of the City.

Peoria, Ill., Aug. 11.—It is believed the business section of this city is in danger. The Charles roller mills are burning. Neumiller livery barn and 37 horses have been destroyed and other small fires have been started in various parts of the business section. Origin of the fires is a mystery.

Woman a Licensed Pilot.

Louisville, Ky., Aug. 11.—Mrs. John Golden, of Jeffersonville, Ind., has been granted a license to pilot steamers on the Ohio and Mississippi rivers, and has started on her first trip as a licensed officer. She is at the wheel of her husband's steamer, The Shawnee, which goes south with a large store boat, the Mount Vernon, in tow. Mrs. Golden has devoted much of her time to the river and has traversed the various waterways of the south.

Small Reward for a Big Sum

Chicago, Aug. 11.—Lance Harwood, an eight year old boy from Big Rapids, Mich., has returned to Swift & Co., a package containing \$59,900 of negotiable securities which had been lost at the stock yards by a messenger boy employed by the firm. Young Harwood found the package while sight-seeing at the stockyards. He received a reward of \$25.

To Welcome General Smith.

Portsmouth, O., Aug. 11.—General Jacob H. Smith, United States army, retired, was in Columbus and is expected to reach here, where his aged mother lives. Extensive arrangements have been made to give him a cordial welcome her.

King Edward Officiates.

London, Aug. 11.—King Edward held a privy council at Buckingham palace, at which the newly appointed ministers were sworn in. Later he officiated at the investiture of the Victorian order.

Duchess of Marlborough Comed.

London, Aug. 11.—The Duchess of Marlborough will sail for New York Wednesday of this week on the Kronprinz Wilhelm. She will go on Newport to remain until the end of the season.

SENATOR M'MILLAN DEAD.

He Dies After a Brief Illness at His Summer Home in Michigan.

Washington, Aug. 11.—A dispatch has been received here announcing the death of Senator James McMillan of Michigan at an early hour Sunday morning at his summer home at Manchester-by-the-Sea, Mass. Death was the result of heart failure, following congestion, after an illness of a very few hours.

For some years Senator McMillan has made his summer home at Manchester-by-the-Sea, having erected a very fine cottage there.

While no information on that point has been received here, the expectation is that his remains will be taken

SENATOR JAMES M'MILLAN OF MICHIGAN.

to Detroit and be deposited in the family vault at Elmwood cemetery. The body of one of his sons, Capt. John H. McMillan, who served in the Spanish war and who died several months ago, rests there. The senator leaves a widow, three sons, W. C. Phillip and Frank, all of Detroit, and a daughter, Mrs. McMillan and her daughter accompanied the senator to Manchester after the adjournment of congress.

Senator McMillan was a native of Ontario, having been born in Hamilton on May 12, 1838, but in early life removed to Michigan and for many years has been prominently identified with the business interests and political life of that state.

JAPS MUST VACATE.

Two Islands Owned by the United States Said to Have Been Seized.

Washington, Aug. 11.—Orders have been issued by the navy department providing for a visit by the United States steamship Adams to Wake island and the Midway islands belonging to the United States in the Pacific ocean. This action has been determined upon as a result of a recent communication received at the department from the master of the transport Buford, who reported that while approaching Wake island in June last he discovered it inhabited by a party of Japanese.

While the steamship Nero was making a survey of the Pacific for a trans-Pacific cable in 1899 she discovered the Midway islands were also inhabited by Japanese. This is somewhat surprising, as the islands have always belonged to this government.

KILLED BY NEGROES.

County Attorney Smith Shot and Killed Near Columbia.

Columbia, Tex., Aug. 11.—County Attorney E. C. Smith was fatally shot in this town Saturday night at about 8 o'clock by two negroes. Deputy Sheriff Cochran Willis, learning that a negro named Charles Tunstall was carrying a pistol, attempted to arrest him, whereupon this negro, Charles Tunstall, joined by another, a friend of his, Ransom O'Neil, commenced firing upon the deputy sheriff and his posse, shooting County Attorney E. C. Smith through the body and wounding Deputy Sheriff Willis in the wrist. County Attorney Smith died Sunday evening at 9 o'clock.

Fourteenth Week of the Strike.

Wilkesbarre, Pa., Aug. 11.—The fourteenth week of the anthracite miners' strike began Sunday. President Mitchell is authority for the statement that the strikers are in good shape. Contributions to the relief fund are coming in from many quarters and the dissatisfaction which was first evinced over the distribution has disappeared. The strikers have settled down to what they believe is going to be a much longer siege than was at first anticipated.

Child Burned to Death.

Cumby, Tex., Aug. 11.—A 9-year-old child of James Smith, the section foreman here, was burned to death Saturday. It had seen its mother start a fire with coal oil, and while Mr. and Mrs. Smith were on the front gallery, it poured oil on the coals in the kitchen stove. The explosion and the child's screams summoned the parents, but before they could reach it the child was fatally burned. It lived two hours.

Forest Fires Raging.

Ashland, Ore., Aug. 11.—Forest fires are raging in the Siskiyou mountains in the Beaver, Hungry and Grose Creek mining sections, doing much damage to timber. Reports connect their origin with the bitter feeling that has grown up among the miners in that section against the timberland locators, who have, during the present year, filed notices of location on thousands of acres of the land.

Preacher Killed in a Runaway.

El Reno, Okla., Aug. 11.—Rev. Charles Such, aged 80 years, a superannuated Methodist preacher, was run over by a runaway team here Saturday night and received injuries from which he died Sunday morning.

THE TOWN IN RUINS

Retreating Troops Apply the Torch to Petit Goave.

MANY ARE HOMELESS

Both Opponents Charge the Other With Firing the Town—German Troops Have Landed at Port Cabello to Protect Germans.

Port au Prince, Hayti, Aug. 11.—A correspondent of the Associated Press visited Petit Goave Sunday and found the town entirely destroyed, there being nothing left but a pile of ruins after the fight there.

About 4000 persons are homeless and greatly in need of assistance. A greater number of them have sought shelter in the Simmonds factories near town.

The French cruiser D'Assass arrived at Petit Goave Sunday with provisions for the sufferers and returned to Port au Prince with 200 women and children and 15 wounded men.

The authorities refused to permit the Firminists to leave, fearing they would go to the other points to take up arms again.

Each party accuses the other of having set fire to Petit Goave, but the general belief is General Chioye, the Firminist commander, resolved to destroy the town when he saw he could not hold it against the Fouchardists.

Firminists Burn the Town.
Port au Prince, Aug. 11.—A dispatch Saturday last gave the news of the burning of Petit Goave after an attack had been made on the place by the Fouchardists.

According to that dispatch General Chioye, who is the minister of the interior in the Firminist provisional government, set fire to the town and abandoned it.

Blockade at Cape Haytien.
Washington, Aug. 11.—Commander McCrea of gunboat Machias cabled the navy department that a defacto blockade has been established by insurgents at Cape Haytien. The Machias is at her anchorage.

Four Provinces in Rebellion.
Washington, Aug. 11.—Minister Powell has cabled the state department from Cape Haytien that the provisional (Vasquez) government of Hayti has notified the United States legation that Gonaves, Port de Paix, Petit Goave and St. Marc provinces are in rebellion. The government troops captured Petit Goave after a strong resistance, in which many lives were lost. Firminist troops in retreating from the place set fire to and destroyed the town.

Naval Force Will Be Landed.
Washington, Aug. 11.—Minister Bowen at Caracas has advised the state department that Germans intend to land a naval force at Port Cabello to protect German interests there which are threatened by the uprising now in progress. The minister advised that we follow suit. After a conference between officials of state and navy departments instructions were cabled to Commander Nichols of the Topeka to proceed from La Guayra to Port Cabello and land naval force in case of attack. The Topeka already has left for Porto Cabello.

Revivalist Arrested for Assault.
New York, Aug. 11.—The Rev. Chas. S. Dennis of Flushing, a well known Long Island revivalist, is in prison in Queen's county jail, charged with felonious assault. While he was conducting a service some boys who live nearby threw stones into the meeting room. This was a repetition of similar annoyances, and Mr. Dennis is said to have on this last occasion sprung from the platform in anger. It is said he tore a burning gasoline lamp from its fastenings in front of the door and hurled it into the crowd of boys. It struck James Fretzeno, 20 years of age, and he was so badly burned that fears are entertained that he will die.

Important Affairs of Vatican.
Rome, Aug. 11.—At the request of Cardinal Gottl, prefect of propaganda, a list has been furnished of the most important affairs pending at the vatican. The list includes the nomination of the archbishops of New York and Chicago, and the appointment of co-auditors to the archbishops of San Francisco and St. Louis.

Shot Resisting Arrest.
New York, Aug. 11.—Joseph Kehoe, who was wanted by the police on a charge of assault, is at a hospital dying, it is believed, of a pistol shot wound inflicted by Policeman Marrian. When the officer went to arrest Kehoe he was struck in the face. A crowd then attacked Marrian and then the officer shot Kehoe.

Revolutionists Cut the Cable.
Washington, Aug. 11.—Minister Bowen has cabled the state department from Caracas that the revolutionists have cut the cable at Barcelona. Minister Bowen says the cable was cut immediately after the receipt of the message stating the revolutionists were entering the city.

SHOWS MUCH GAIN.

Agricultural Interest of the South Increasing at a Wonderful Rate.

Baltimore, Aug. 11.—The Manufacturers' Record has made a critical analysis of the census bulletins, which enable it to make for the first time an exact statement of the development of the agricultural interests of the south in connection with a review of the industrial advance of that section. This shows that the south is now a \$3,000,000,000 section, the value of its agricultural and manufactured products now annually aggregation nearly that sum.

Between 1880 and 1900 the total value of southern agricultural, manufactured and mineral products increased from \$1,134,396,229 to \$2,844,646,400, or 157 per cent, while during the same period the increase of population was 44 per cent. During that period the capital invested in manufactures increased from \$257,244,564, as the total of 1880, to \$1,153,002,368 in 1900, a gain of \$895,757,804, or 348 per cent. In the same time the value of manufactured products increased from \$457,454,777 in 1880 to \$1,463,643,177 in 1900, a gain of \$1,006,188,400, or 220 per cent. In agriculture the value of farm property in the south increased from \$2,280,344,321 in 1880 to \$3,951,631,632, a gain of \$1,661,287,311, or 72 per cent, while the value of farm products increased from \$660,131,452 to \$1,271,634,273, a gain of \$611,522,821, or 92 per cent.

In the south the greatest actual increase in manufacturing capital was \$104,404,876 in Maryland, Louisiana being second with \$101,621,826, Texas third with \$81,188,321, Virginia fourth with \$76,701,998, Georgia fifth with \$69,117,246, North Carolina sixth with \$63,458,255, and Alabama seventh with \$60,702,073. In agricultural advance Texas led with an increase in the value of farm property of \$706,391,909, while Louisiana was second with a gain of \$121,766,359, Kentucky third with \$112,342,024, Georgia fourth with \$85,216,329, Mississippi fifth with \$82,204,759, Arkansas sixth with \$82,056,424, and Tennessee seventh with \$81,745,855.

The rate of increase in the capital invested in manufactures in the south during the twenty years from 1880 to 1900 was 348 per cent, while during the same period the rate of increase for the United States was 252 per cent; and in the value of products the rate of increase in the south was 220 per cent, whereas the rate of increase for the United States was 142 per cent.

Thus, both in the capital invested and in the value of products, the rate of increase in manufactures in the south was much greater than that of the country at large, notwithstanding the enormous expansion of the industrial interests of the United States during the two decades under review.

During the same twenty-year period the value of farm property in the south showed a gain of 92 per cent, while the United States was 67 per cent, the value of farm products for the south showing an increase of 92 per cent, compared with a gain for the country of 113 per cent.

One interesting phase of the conditions now prevailing is that in 1880 the value of farm products exceeded the value of manufactured products in the south by more than \$200,000,000, while in 1900 the value of manufactured products exceeded the value of farm products by more than \$190,000,000. During that same period the number of persons engaged in agriculture in the south increased 36 per cent, while the number of wage-earners in manufacturing increased 157 per cent, both rates of increase in the south being greater than the rates in the country at large. In this industrial upbuilding the south is to find full fruition of its agricultural potentialities. The development of manufactures, creating quick, steady remunerative markets for the diversified products of agriculture, will give to the farmers of the south advantages they have never before possessed.

Celebration Continued Sunday.

London, Aug. 11.—The festivities in London were continued Sunday. There were considerable crowds almost all day long in the vicinity of Buckingham palace and along the route of Saturday's procession, viewing the decorations and watching the flow of notable personages to and from the various thanksgiving services. In the evening the Canadian arch, which, as an exceptional novelty for Sunday, was brilliantly illuminated, was a great center of attraction and served to bring an immense concourse of people into the neighborhood.

Fell Three Hundred Feet.

New York, Aug. 11.—Falling 200 feet down the sheer side of a cliff in Englewood, Robert Scott, 13 years old, reached the bottom with no greater injuries than bruises. When he regained his senses, however, he was so weak that his cries for help did not reach far beyond the lonely spot in which he had fallen. Scott lay in the bushes at the bottom of the cliff for nearly two days, being discovered finally by boys. They summoned aid and Scott was carried home. Two doctors were called. They found not a bone broken, and express the belief that the boy will recover.

Application Granted.

Oyster Bay, N. Y., Aug. 11.—President Roosevelt has made the formal announcement that he has granted the application of the Commercial Pe-

Grand Opera House,

UNKIND WORDS.

Brazos bottom planters have struck a hard streak. For several years they have failed to make a crop on account of storms, drouths, overflows and boll weevils. We sometimes think it a just visitation of providential wrath, for those great plantations are cultivated by the most ignorant and immoral class of negroes whose employers work them for all they are worth and manage to bring them out at the end of the year in debt. The convict plantations in the Brazos bottoms come near being hell on earth.—Madisonville Meteor.

The Eagle regrets exceedingly that the Meteor has taken occasion to add unjust criticism to the burdens already borne by the planters in the Brazos bottom, some of whom in times past have been and still are friends of the Meteor man. They have had enough to bear and they have borne their reverses nobly and bravely. Not only have

they sustained irreparable losses themselves, but they have taken care of their laborers and fed and clothed those living and working on their farms, in many instances without hope of compensation. The planters have shown themselves brave, liberal and charitable and they are naturally indignant, and justly so, regarding the publication. Again, there are only two convict farms in the Brazos bottom in the territory contiguous to Bryan. They are at Mumford, and no criticism is ever heard as to the manner in which they are conducted. Any person who believes to the contrary is at liberty to go there any day and see for himself just what the conditions are. The overflows are due to natural causes and can and will be abated by the use of levees. The Meteor could serve a far better purpose by joining in the effort to bring about this much desired result, which would mean so much, not only to the Brazos bottom and to Bryan, but to this whole section of the state.

MRS. MOZELLE P. WILSON.

After a brief illness Mrs. Mozelle P. Wilson died Sunday morning in this city at the home of her parents, Mr. and Mrs. T. P. Boyett. Mrs. Wilson was 24 years old and was born and reared in Bryan. She was greatly beloved by all for her sweet and womanly character and kindly disposition. In her girlhood she was like a ray of sunshine in the home and in the circle of friends who knew and loved her so devotedly.

On the first of last October she was united in marriage to Mr. Albert Wilson, of Houston, by Rev. Jewell Howard, and no happier bride ever left the parental roof with fond blessings to go and make a home for a more manly and devoted young husband. Would that we might end the story here, but the happiness of this new home was brief, and its ending tragic beyond the power of language to describe. Mr. Wilson was a brakeman on the Houston and Texas Central railroad, and one day five months ago, when his girl wife was expecting him home from his run, there came instead the cruel, terrible, heartbreaking tidings that he was dead—mangled by the merciless wheels of his train at Hempstead.

Few are called upon to endure such awful agony, and none could

words of tenderness and consolation, and with prayers and songs, to perform the last sad earthly rites and hold up before eyes dimmed with tears the star of hope that shines beyond the grave.

Bryan Academic and Collegiate Institute.

On another page of the Watchman will be seen the announcement of this school. The name and reputation of Prof. Stewart as an educator is a sufficient guarantee of the success and high standing of the institute. He is well known in Panola county and east Texas as an educator and especially as the founder of Hewitt Institute at Beckville, where he did splendid work and where he is held in grateful remembrance by the good people of that section.—Panola Watchman.

Many Bryan people are making preparations to attend the great reunion at Madisonville Wednesday, Thursday and Friday.

Miss Olderbolz returned to Calvert yesterday after a visit to her sister, Mrs. Thos. Holland.

PERISHED IN FLAMES

Eight Lives Known Lost in a Fire at San Angelo.

MANY ARE MISSING

The Landon Hotel There Burned and With it the Guests Who Could Not Escape—Many of Them Were Badly Injured.

San Angelo, Tex., Aug. 11.—A fire swept over San Angelo Sunday morning between 2 and 5 o'clock, leaving death and destruction in its path. The fire originated in the kitchen of the Landon hotel, and the block in which it was situated is a heap of smoldering ruins. Several lives were lost. A woman with a baby in her arms perished in view of hundreds of spectators, who could give no aid.

Those whose remains have been taken out are:

Mrs. J. C. Landon, San Angelo.

B. Hendricks, commercial traveler, Waco.

Mrs. Frank Schlupinsky and two children, Houston.

Mrs. Fowler and a grandchild, Houston.

Others are missing. A number escaped in their night clothes, badly burned.

The Landon hotel, which has counted among its guests visitors from every corner of the globe, is a heap of smoldering ruins, together with the pretentious business block in which it was located, and ten human lives have paid their last forfeit. The hotel was a rambling two-story structure of stone, with but two exits, front and rear.

Sunday morning at 2 o'clock, while waiting on the outside of the hotel for the arrival of the Santa Fe train, the night clerk detected smoke drifting through the office. Rushing to the inside, he discovered the diningroom filled with smoke emanating from a fire originating in the kitchen. Baffled in his attempts to subdue the flames, he sped up stairs through the hall, arousing the sleeping guests. In this he was assisted by Mr. and Mrs. J. C. Landon, the proprietors, whom he first awakened. Battling through smoke and flame, they made their way from door to door as best they could until they found themselves cut off from exit in front. The clerk and Mr. Landon escaped by the rear stairs, but Mrs. Landon, with the courage born of heroism, risked all, one last, vain and desperate attempt to convey a warning to some remaining guests.

Soon a little group of seven terror-stricken people appeared upon the balcony and were

desecrated to jump into blankets that were held in strong and steady hands. They hesitated to make the leap, and while they debated, the wall to which the balcony was attached slowly toppled inward, depositing them into the vortex of the fire, where they perished in plain view of the spectators. In this group were the heroic Mrs. Landon, Mrs. Fowler and grandson, the latter a grandson of Galveston; Mrs. Frank Schlupinsky and two small children of Houston, and B. Hendricks, a drummer of Waco.

Many guests escaped at the peril of their lives in a most miraculous manner. Three other guests, whose names could not be ascertained on account of the confusion and destruction of the hotel register, are feared to have lost their lives. The search continues. A number of guests escaped in their night clothes badly burned. Comparatively nothing was saved, so swift and sudden was the fire's work. The wind was blowing a gale and the flames did fearful execution.

Some twenty guests who were lodging over the steam laundry adjacent to the hotel were rescued by the use of a ladder.

The property losses are: J. C. Landon, hotel, \$50,000; insurance, \$18,000. John Miles, hardware, \$30,000; insurance \$7500.

Copeland & Mitchell, hardware, \$15,000; insurance, \$5000.

Jackson & Lambeth, laundry, \$4000; no insurance.

Mrs. C. E. Fitzgerald, \$11,000; insurance, \$6000.

W. J. Ellis, livery stable, \$5000; partly insured.

J. S. McConnell, livery stable \$500.

Broome & Farr, building, \$3000; partly insured.

There are a number of other smaller losses.

Safe Cracked at Fort Worth.

Fort Worth, Aug. 11.—The proprietors of the Famous shoe store, on Houston street, between Sixth and Seventh streets, discovered Sunday afternoon that the safe in their store had been blown open and about \$200 taken, the safe having been rifled completely, except for a check for a small amount and some coppers. The marks on the safe showed that two drillings had been necessary to make the shot. The manner in which entrance was effected to the establishment remains a mystery.

Hebrew-American Regiment.

New York, Aug. 11.—As a result of the riot at the funeral of Rabbi Joseph, a movement started several months ago for the organization of the Hebrew-American regiment in this city has received a new impetus. Four hundred members already have been secured.

Piano Factory for Texas.

Seguin, Tex., Aug. 11.—Alfred Guston Smith arrived in the city with eight expert piano builders, and will at once begin work on the first piano factory in Texas.

KNIGHTS OF PYTHIAS.

The Grand Conclave Begins Session With
Many Present.

San Francisco, Aug. 11.—The grand
conclave of Knights of Pythias opened
here yesterday. Thousands of visitors
have already arrived from the east
and by Wednesday morning it is ex-
pected from 50,000 to 75,000 strangers
will be in the city.

The decoration of the city has been
carried out on a scale never attempted
before.

Mechanic's pavilion, which will be
headquarters of the Knights, has been
almost transformed into a military
camp, with many tents and thousands
of cots in perfect order, ranged in
line.

Headquarters of Major General
James R. Carnahan, who is in com-
mand of the uniformed forces, is the
most picturesque place in the pavilion.

The program for the first day began
with opening of the exhibition of
county products, at which Mayor
Schmitz delivered the address of wel-
come.

The reply was made by Ogden H.
Fethers, supreme chancellor of the
Knights of Pythias and Major General
James R. Carnahan, commanding uni-
form rank of Knights of Pythias also
spoke.

At 5 p. m., the camp at the pavilion
will be turned over by the chairman of
the executive committee to the su-
preme chancellor.

At 8 p. m., there will be a reception
to Major Carnahan and staff and the
supreme lodge by the California brigade
at the pavilion.

BOYS TURN BANDITS.

One Shot by a Posse, Snatches and the
Other Is Captured.

San Jose, Cal., Aug. 11.—A series of
daring highway robberies, which re-
sulted in the sensational death of one
of the robbers and the wounding of a
citizen, occurred on the Monterey
road Saturday night.

Two young men, apparently little
more than boys in age, compelled an
old lady who was driving on the high-
way near Linvale, to deliver her horse
and buggy to them. They then drove
to E. F. Hepler's store at Coyote, where
they purchased cartridges for a 32-
caliber pistol. This they loaded and
immediately proceeded to hold up the
proprietor and several bystanders.

From Hepler's they continued to-
ward Gilroy. When within a quarter
of a mile of this town they met W. W.
McKee, a sewing machine agent, and
when he failed to stop on their order
they fired at him, inflicting a trifling
wound. McKee lashed his horse into
a run and was not further molested.

The robbers continued south to
Stevens' store, a mile and a half from
Hepler's, robbing two or three team-
sters on the road of small amounts.
They were just entering Stevens' store
when they saw five or six armed men
riding rapidly toward them. This was
a posse, consisting of E. F. Hepler
and the men who had been robbed with
him.

The robbers abandoned their jaded
horses and started across a field to-
ward the westerly foothills. A run-
ning fight ensued, in which one of the
robbers was shot through the stom-
ach. In emulation of Convict Tracey,
he placed his pistol to his head and
blew out his brains, dying almost in-
stantly. The other threw up his hands
and was taken into custody.

SEVERE STORM.

Velocity of Wind at Kansas City Exceeds
Fifty Miles an Hour.

Kansas City, Mo., Aug. 11.—A wind-
storm that broke about 4 o'clock Sun-
day morning raged for half an hour,
accompanied by lightning and rain, is
said to have been the severest in fif-
teen years.

In the business streets numerous
plate glass fronts were broken, signs
and awnings torn down and rickety
structures partly demolished. In the
residence district several thousand
trees were overthrown and numerous
windows smashed. At daybreak the
sidewalks of the city were littered with
rubbish and branches of trees. Nearly
every householder suffered some loss.

The local weather bureau reports
that the wind blew at the rate of fifty-
two miles an hour for seven minutes
and that forty-five one hundredths of
an inch of rain fell in fifteen minutes.
The fire department was busy all Sun-
day repairing damage.

A number of large buildings in the
business section were unroofed and
their contents damaged by rain. Burn-
ham, Hanna & Munger's new ware-
house at Eighth and Broadway suffered
a loss of fifteen windows and the
stock sustained much damage by
water.

Many buildings in Kansas City, Kan.,
were unroofed.

Aged Actress Dead.

New York, Aug. 11.—Mrs. Eliza
Young, the oldest actress of the Amer-
ican stage died Sunday at the Actors'
Fund home, west New Brighton, Stat-
en island. She fell two weeks ago
and had one of her hips broken. Mrs.
Young was nearly 92 years of age.

News in Brief.

Texarkana, Tex., is to have a trolley
system. A company has been organ-
ized with \$100,000 capital.

Marion Martindale escaped from the
jail at Anson, Tex., by digging a hole
under the wall.

Tyler, Tex., will have a new school
building to cost \$6500.

Over 17,000,000 children are deprived
of educational privileges in Russia.

A monument to Nancy Hanks, the
mother of Abraham Lincoln, will be
dedicated at Lincoln, Ill., on Oct. 1.

A plague of stinging flies has visit-
ed Waco, Tex., and caused stock to
suffer.

Main street, one brick building and
three vacant lots, fenced, on Bryan
street. Eight rent houses in the
city limits for sale. Apply to
217 Mrs. Z. Bonneville.

Theatrical Season Opens Early.

Manager Mike announces the
theatrical season will open at the
Grand opera house Monday night,
Sept. 1, with the Marie Fountain
Theater company in a week's en-
gagement. The company is now
playing in Houston and getting
splendid press notices. In speak-
ing of the opening night, a Hous-
ton paper quotes Manager Jake
Schwarz as saying: "We just
raised the shingles and dropped
them in from the top, the crowd
was so immense, and we had the
best show that has been here this
season."

Manager Mike has put in a new
drop curtain, refitted and repaper-
ed the dressing rooms and made
other improvements that add to the
appearance of the opera house, and
says he has booked forty attrac-
tions to date for the coming sea-
son.

Card From Judge Ford.

To the Eagle:

On Saturday night an engine on
the I. & G. N. railroad track blew
the steam whistle unrelentingly for
several hours and until daylight
Sunday morning. The noise from
the whistle was such that people in
the neighborhood could not sleep
and were greatly annoyed. This
useless blowing of whistles to the
annoyance of the community should
be instantly stopped by the city
authorities.

It is intollerable, and this is not
the only instance. This outrage has
been practiced for months almost
nightly and our homes in the south
portion of town are rendered almost
uninhabitable. San Antonio and
other towns in the state have adopt-
ed ordinances forbidding the blow-
ing of whistles inside the city limits.
We greatly need such an ordinance
in Bryan, no town needs it more. It
is an actual necessity and ought to
be adopted speedily.
August 11th. Spencer Ford.

BUSINESS LEAGUE TONIGHT.

An important regular meeting of
the Business League will be held at
8:30 at K. of P. hall. The election
of officers and the discussion of the
question of levees for the Brazos
river make it important that all
members and all persons interested
attend the meeting.

GRECIAN LEGEND

When the Greeks undertook the Trojan war, Ulysses, one of the most renowned of the Greek heroes, the king of Ithaca (one of the small Ionian isles) and the husband of the celebrated Penelope, after long declining to join the alliance, at last consented, and embarking his small, but picked band, set sail for the Phrygian shores. During the war he acted a prominent part, and after the fall of the city of Troy, he embarked on board his small fleet with his followers to return to his wife and kingdom. But adverse winds and fearful storms made him the sport of winds and waves, and his efforts were fruitless for a long period. After an absence, however, of thirty years, he regained his island home, found his faithful, still beautiful daughter, and his faithful little city.

Attend the Big

BARBECUE TOWN LOTS SALE

Penelope, Thursday, August 14th,

By the SMITH LAND & IMPROVEMENT COMPANY.

Everybody knows that when a new railroad station is opened in the Black Land Belt it means a town and a good one, especially if it is an International & Great Northern town. The new I. & G. N. town of Mart, on the Fort Worth Division, having grown from a store, farm house and cotton gin to a bustling town of 1,500 inhabitants within a year, is a case in point.

LEROV, 15 miles north of Waco, in McLennan County, the new I. & G. N. station which was opened July 24, is being settled rapidly. There was a very large sale of town lots made there on the opening day and they continue to go.

PENELOPE, 25 miles north of Waco, 10 miles north of Lerov, 5-12 miles from Mt. Calm, 10 miles from West, 19 miles from Hillsboro, and one mile from Postoffice Zee-vee, on the Fort Worth Division of the International & Great Northern Railroad, the new town is in the midst of as fine a black land section as there is in the world. The distance being sufficient from all other towns and trade centers to make it one of the finest towns in that section, and a splendid opportunity is now afforded the investor in this town lot sale. Invest at Penelope!

The I. & G. N. will have very low excursion rates in effect to Penelope for this event and will operate trains to suit the convenience of the people in attending sale. Tickets will be on sale for trains arriving Penelope morning August 14.

See flyers or call on I. & G. N. Agent for further particulars.

D. J. PRICE, 24 V. F. & G. M. Gen. Pass. & Tkt. Agt. Palestine, Texas.

PRINTERS AT CINCINNATI. SENATOR M'MILLAN DEAD.

They Meet There in Their Forty-Eighth Annual Convention.

Cincinnati, Aug. 11.—The forty-eighth annual convention of the International Typographical union begun a session of four days here to-day with all of the 385 delegates present and over a thousand visitors.

Pike's Opera house was crowded, including the galleries that were mostly occupied by women, who are here for the first convention of the Ladies' auxiliary.

The invocation was by Rev. G. H. Edwards, archdeacon of the Southern Ohio Episcopal diocese, who was formerly a printer.

Addresses of welcome were delivered by Acting Mayor Charles J. Christie, Edmund O'Connell, chairman of the local committee on arrangements, and Alvin McReynolds, president of the Cincinnati Union No. 3, to which President James M. Lynch responded. Delegate Walter Nail of Houston, Tex., having been called home by the death of his brother, a resolution of sympathy with him was adopted.

A resolution of sympathy and support for the United Mine Workers in their anthracite strike was adopted.

After annual report of officers the convention adjourned for the day. The following officers were appointed: Assistant secretary, John W. Hayes; reading clerk, A. W. Thompson; sergeant at arms, Harry Lawrence; messengers, Frank Foxman and Austin Davis. All of the committees were announced.

Stereotypers in Convention.

Cincinnati, Aug. 11.—The first convention of the International Stereotypers' and electrotypes' union here was called to order by President James J. Freely of New York city.

ATTACKED THE TOWN.

Mexicans Seek Revenge and Two Are Killed and One Wounded.

Battle, Wyo., Aug. 11.—A crowd of Mexican sheep herders attempted to take the town of Battle, with the result that two of the members were killed. Several made their escape into the woods one man being shot in the leg. One citizen was hit on the heel, and Miss Estelle Sanders, a resident, was severely cut in the face by a window pane broken by a stray shot.

Every man in town is armed, fearing the Mexicans will swoop down on the town, as there are scores of them in this vicinity. The attack was in retaliation for the slaughter of 5000 sheep by the townspeople, who had ordered the sheepmen to keep away, as this territory is reserved for the cattlemen.

STILL EMITTING SMOKE.

Three Peaks in Alaska Are Sending Out Ashes, but No Flames.

Seattle, Wash., Aug. 11.—Mounts Redoubt, Ilimiana and Augustine, in the Cook inlet section of Alaska, continue to emit smoke. All three peaks were active while the steamer Santa Ana, which has arrived from the northwest, was at Cook inlet.

"It was a pretty sight," Captain Anderson said. "We were in full view of all three peaks, the farthest being not more than 50 miles distant. The smoke did not appear to be very dense, but enough ashes have been scattered over the snow covered peaks to almost blacken the white surface. There was no flame coming from either mountain."

PEORIA IN FLAMES.

Numerous Fires Started in the Business Section of the City.

Peoria, Ill., Aug. 11.—It is believed the business section of this city is in danger. The Charles roller mills are burning. Neumiller livery barn and 37 horses have been destroyed and other small fires have been started in various parts of the business section. Origin of the fires is a mystery.

Woman a Licensed Pilot.

Louisville, Ky., Aug. 11.—Mrs. John Golden, of Jeffersonville, Ind., has been granted a license to pilot steamers on the Ohio and Mississippi rivers, and has started on her first trip as a licensed officer. She is at the wheel of her husband's steamer, The Shawnee, which goes south with a large store boat, the Mount Vernon, in tow. Mrs. Golden has devoted much of her time to the river and has traversed the various waterways of the south.

Small Reward for a Big Sum

Chicago, Aug. 11.—Lance Harwood, an eight year old boy from Big Rapids, Mich., has returned to Swift & Co., a package containing \$59,900 of negotiable securities which had been lost at the stock yards by a messenger boy employed by the firm. Young Harwood found the package while sightseeing at the stockyards. He received a reward of \$25.

To Welcome General Smith.

Portsmouth, O., Aug. 11.—General Jacob H. Smith, United States army, retired, was in Columbus and is expected to reach here, where his aged mother lives. Extensive arrangements have been made to give him a cordial welcome here.

King Edward Officiates.

London, Aug. 11.—King Edward held a privy council at Buckingham palace, at which the newly appointed ministers were sworn in. Later he officiated at the investiture of the Victorian order.

Duchess of Marlborough Coming.

London, Aug. 11.—The Duchess of Marlborough will sail for New York Wednesday of this week on the Kronprinz Wilhelm. She will go to Newport to remain until the end of the season.

He Dies After a Brief Illness at His Summer Home in Michigan.

Washington, Aug. 11.—A dispatch has been received here announcing the death of Senator James McMillan of Michigan at an early hour Sunday morning at his summer home at Manchester-by-the-Sea, Mass. Death was the result of heart failure, following congestion, after an illness of a very few hours.

For some years Senator McMillan has made his summer home at Manchester-by-the-Sea, having erected a very fine cottage there.

While no information on that point has been received here, the expectation is that his remains will be taken

SENATOR JAMES M'MILLAN OF MICHIGAN.

to Detroit and be deposited in the family vault at Elmwood cemetery. The body of one of his sons, Capt. John H. McMillan, who served in the Spanish war and who died several months ago, rests there. The senator leaves a widow, three sons, W. C. Phillip and Frank, all of Detroit, and a daughter, Mrs. McMillan and her daughter accompanied the senator to Manchester after the adjournment of congress.

Senator McMillan was a native of Ontario, having been born in Hamilton on May 12, 1838, but in early life removed to Michigan and for many years has been prominently identified with the business interests and political life of that state.

JAPS MUST VACATE.

Two Islands Owned by the United States Said to Have Been Seized.

Washington, Aug. 11.—Orders have been issued by the navy department providing for a visit by the United States steamship Adams to Wake island and the Midway islands belonging to the United States in the Pacific ocean. This action has been determined upon as a result of a recent communication received at the department from the master of the transport Buford, who reported that while approaching Wake island in June last he discovered it inhabited by a party of Japanese.

While the steamship Nero was making a survey of the Pacific for a trans-Pacific cable in 1899 she discovered the Midway islands were also inhabited by Japanese. This is somewhat surprising, as the islands have always belonged to this government.

KILLED BY NEGROES.

County Attorney Smith Shot and Killed Near Columbia.

Columbia, Tex., Aug. 11.—County Attorney E. C. Smith was fatally shot in this town Saturday night at about 8 o'clock by two negroes. Deputy Sheriff Cochran Willis, learning that a negro named Charles Tunstall was carrying a pistol, attempted to arrest him, whereupon this negro, Charles Tunstall, joined by another, a friend of his, Ransom O'Neil, commenced firing upon the deputy sheriff and his posse, shooting County Attorney E. C. Smith through the body and wounding Deputy Sheriff Willis in the wrist. County Attorney Smith died Sunday evening at 9 o'clock.

Fourteenth Week of the Strike.

Wilkesbarre, Pa., Aug. 11.—The fourteenth week of the anthracite miners' strike began Sunday. President Mitchell is authority for the statement that the strikers are in good shape. Contributions to the relief fund are coming in from many quarters and the dissatisfaction which was first evinced over the distribution has disappeared. The strikers have settled down to what they believe is going to be a much longer siege than was at first anticipated.

Child Burned to Death.

Cumby, Tex., Aug. 11.—A 9-year-old child of James Smith, the section foreman here, was burned to death Saturday. It had seen its mother start a fire with coal oil, and while Mr. and Mrs. Smith were on the front gallery, it poured oil on the coals in the kitchen stove. The explosion and the child's screams summoned the parents, but before they could reach it the child was fatally burned. It lived two hours.

Forest Fires Raging.

Ashland, Ore., Aug. 11.—Forest fires are raging in the Siskiyou mountains in the Beaver, Hungry and Grose Creek mining sections, doing much damage to timber. Reports connect their origin with the bitter feeling that has grown up among the miners in that section against the timberland locators, who have, during the present year, filed notices of location on thousands of acres of the land.

Preacher Killed in a Runaway.

El Reno, Okla., Aug. 11.—Rev. Charles Such, aged 80 years, a superannuated Methodist preacher, was run over by a runaway team here Saturday night and received injuries from which he died Sunday morning.
